「HES810-BT40」

	Code No.	Model	Description
1	9199	HES810-BT40	Motor spindle(One-piece type)
2	9248	EMCD-810-4M	Motor Cord 4m
3	8421	E3000	E3000 Controller
4	4504	AL-C1204	Air line kit

80,000min⁻¹ Motor Spindle

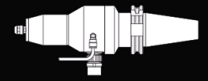

HES810-BT30
 Max.rpm 80,000min⁻¹

HES810-BT40 / NT40
 Max.rpm 80,000min⁻¹

HES810-IT40
 Max.rpm 80,000min⁻¹

HES810-BT50
 Max.rpm 80,000min⁻¹

HES810-HSK A63
 Max.rpm 80,000min⁻¹

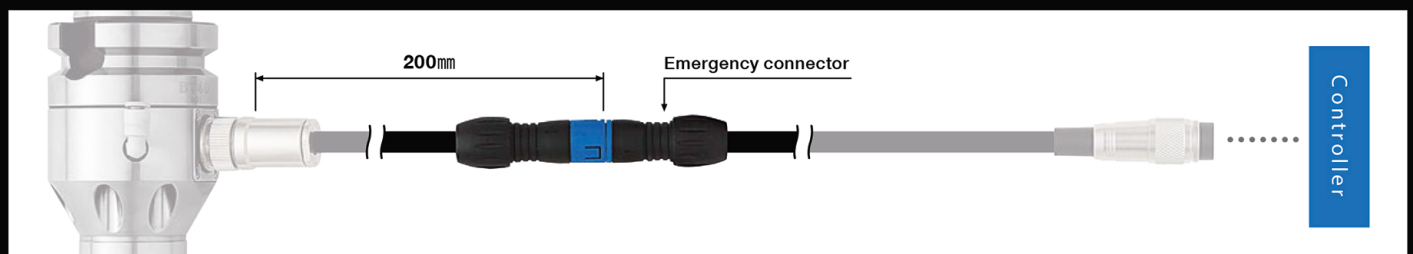

HES810-ST32
 Max.rpm 80,000min⁻¹

Safety function

HES510/810 have a motor cord with the safety coupling.

In case the machine spindle rotates by accident, the safety coupling disconnects by itself to minimize the damage both the machine and controller.

It is crucial to install the controller and the cable according to "OPERATION MANUAL" in order to function safety coupling properly.
